## EXECUTIVE SUMMARY

**MRGS MINERAL & LOGSITICS (Pty) Ltd** is a newly established company based in Cape Town. We are a group of multidisciplinary professionals, with more than 15 years local and international experience in Maritime, Mining and Petroleum.

We are a BBBEE company, Level 1 company, specializing in Maritime and Petroleum Equipment Supplies and Services. Our partners are **Fire-Ashe Engineering (Pty Ltd)**, a Level 1 BBBEE company, specializes in Mining Equipment Supplies and Services. **Kimopax (Pty) Ltd** is a Level 1 BBBEE company, rendering specialized services in selected Applied Earth Sciences, engineering disciplines and related project management functions & service providers specializing in Environmental, Water Resource, Geotechnical, and Mining Fields.

## VISION

**MRGS Minerals and Logistics (Pty) Ltd** strives to become one of the most relevant engineering consulting and mining equipment suppliers and one of the leading all-round Maritime Services and Supply companies within South Africa and Southern Africa (SADC).

## MISSION

To become a recognized leader within its target market of Maritime and General Services, while maintaining its excellent safety record and commitment to environmentally responsible operations. To also manufacture and supply top quality mining and industrial equipment and services with most competitive prices with our key focus on continuous sustainable development, with all equipment designed and developed locally with the highest standards of industrial practices, focusing on social economic development and growth, corporate social responsibility and environmental sustainability and by optimizing our local resources.

## COMPANY OWNERSHIP

**Donovan Schippers** has 24 years' experience in Supply Chain Logistics, with extensive import and export knowledge in forwarding, clearing and warehouse management.

**Portia Schippers** has 18 years' experience in International Trade with specialty in trading in Africa.

## OBJECTIVES

• **MRGS MINERALS & LOGISTICS (Pty) Ltd** has the commitment to have an integrated management system is based on the principles of ISO 9001: 2008, ISO 14001:2004, and OHSAS 18001 and incorporates the requirements of the IMO: ISM code for the safe management and operation of vessels. This management system is an internationally accredited standard and is a must for all companies involved in the Maritime Industry.

- Ensure that our Sustainable Development will encompass our commitment and policy towards health, safety, the environment and the community. To ensure improved performance, we have set specific targets in these areas.
- The project development will create resources to link other local and external projects, to diversify the company products portfolio. There will be a seeking of new local and international concessions that could be acquired, especially with proven resources to assure more benefits for the organization.
- Aim for customer satisfaction and strive for continuous improvement, by setting company operating KPI's so that it can be constantly monitored and comply with Group policies, therefore we will ensure the safety of lives, environmental protection and the safety of vessels.
- Financing the projects and assuring the enterprise permanence also involves the investment portfolio, diversifying it with financial instruments to entail risk coverage (price). There will be motivated strategic alliances with suppliers of fuel, raw materials, transport, in order to reduce costs, time and assure sustainability and client's satisfaction.
